

TRADE COULD BE IMPROVED

Business of All Kinds Not Up to Standard of Last Week.

MERCHANTS ARE HOPEFUL

PERIOD OF DEPRESSION IS ONLY TEMPORARY.

Not since the opening of spring has Salt Lake witnessed such a dull week in trade as last week. Whether the people have not recovered from the shock of the San Francisco disaster, or whether the dull week was simply one of those stagnant periods common to the west, it is difficult to find any primary cause, business men do not seem prepared to say. However, business men are confident of a good trade during the rest of the month and throughout the summer.

No startling deals in real estate were reported during the week, although several deals of importance were made, and not a few of minor importance. Realty men say there is a steady demand for good property, both improved and unimproved, where prices are normal, but that prospective purchasers are careful in their investigations and refuse to be caught with the inflated-value hook.

Outside Money Coming In.

Substantial men of affairs in the community say they do not want a boom of any kind; that the city is moving along in fine shape and that the main object is to attract investors who are looking for a city in which to build their business blocks, apartment houses or terraces. That outsiders with money are coming to realize Salt Lake has a future is proved many times each week by the class of inquiries that are coming in.

Banking men are not complaining and look forward to a prosperous summer. There is some demand from Nevada for money, owing to the closing of the banks in San Francisco.

Retail dry goods stores report a fairly good business, but not up to expectations as to what their business in the natural order of things should be at this season of the year. Clothing merchants are likewise disappointed but they are not discouraged.

Realty Deals Made.

Referring back to real estate, the most important deal of the week was the purchase by C. H. Deere, an eastern man, of a piece of property on Market street back of the postoffice. Mr. Deere bought a tract of 100 feet, and the report has been circulated that he will erect a modern building, part of which will be occupied by the Utah Gas & Coke company.

Tuttle Brothers made a few small deals. The largest deal this firm made during the week was the sale of the home of Mrs. I. C. Glosz, 214 North State street, to Sheldon Snyder, for \$10,000.

There are several large deals pending which are hanging fire for various reasons. The men interested expect to close them this week.

A week of fine weather throughout the state has had a cheering effect on all business lines, especially in wool and the best planting, and in the agricultural interests generally. While money is plentiful, it is in strong demand, a fact, according to the banks, due to the immense operations of the Utah Construction company on the Western Pacific. This company draws heavily on all banks pending the receipt of payments on its contracts from the Gould headquarters.

Local stocks have been somewhat quiet, though there is a better feeling in sugars than for some time past. Advice from Nampa state that the beet crop in Payette and Nampa fields is so far advanced that thinning has already begun, showing that this part of Idaho is fully two weeks earlier than others in beet culture.

Only a few changes in last week's list are noted, and the following are the latest transactions:

BUILDING PERMITS MANY.

Many Modest Homes Are to Be Erected, Showing Prosperity.

The record of building permits for the last two weeks shows that there is considerable activity in this line. Most of the permits were taken out by persons who will build homes. A trip about the city will convince any person that Salt Lake is rapidly building up in the residence district, and the seeker after information will learn that the majority of the new homes are in the modest class. This speaks volumes for the prosperity

TRYON IS RELEASED.

Case Against Him Will Probably Be Dismissed.

A. E. Tryon, charged with having criminal relations with Emily Knox, 16 years of age, of Murray, was arraigned yesterday morning before Judge C. B. Diehl to enter his plea. Attorney J. X. Christensen appeared for the defendant and entered a plea of not guilty. Mr. Christensen then asked that the defendant be released upon his personal recognizance. Assistant County Attorney Willard Hansen agreed to this, stating that it was more than probable that the case would not be called for trial. The setting of the case was postponed indefinitely and Tryon was released.

Emily Knox is the girl whom Judge Willard Brown of the juvenile court sought to force to expose her person to secure evidence against Tryon.

M'CALLUM WILL RECOVER.

Dr. Joseph Richards Says His Injuries Are Not Serious.

J. K. P. McCallum, an attorney of Fort Collins, Colo., who was thrown from an East Second South street car Friday night, will recover from his injuries. Another examination of his scalp wound was made yesterday morning by Dr. Joseph Richards. The skull is not fractured. Dr. Richards said he believes that Mr. McCallum will be able to leave his home in the course of a few days.

A telegram was received yesterday by Chief of Police George A. Sheets from Mr. McCallum's wife asking about his condition. The message was answered stating that his injuries were not serious, and that he was receiving proper attention.

CHAS. O'BRIEN ARRESTED.

Threatens Family, and Wife Complains to the Police.

Charles O'Brien, living at 1185 Maple Avenue, was arrested yesterday afternoon by Police Officer William Hilton on complaint of his wife that he was mentally unbalanced. Two past few days O'Brien has been acting in a peculiar manner. He struck at one of his daughters yesterday and began threatening the other members of the family. Mrs. O'Brien called the police and had him locked up in the city jail. It is probable that he will be examined today by a physician. Attorney Henry V. Van Pelt is looking after his case. O'Brien has been janitor of the Westminster Presbyterian church for several years.

DIFFERENCES ADJUSTED.

Pittsburg, May 5.—The differences between the United Mine Workers of the Pittsburgh district and the Great Lakes Coal company at Kaylor, Pa., have been satisfactorily adjusted, and work will be at once resumed. The agreement is based on the 1903 scale with the concessions since obtained, and is for two years. About 1,500 men were affected.

BILL LOOSELY DRAWN.

Washington, May 5.—Consideration of the bill requiring publicity regarding all election contributions has been postponed in committee. As it is the measure which was prepared by the National Publicity association, headed by Perry Belmont, it is loosely drawn. Features of the bill, however, may be considered later in connection with others framed for the same purpose.

PATRICK MORAN HOLDS UP TRUST

Big Paving Contracts Are Not Awarded Because He Is Blocking All Action.

HE SEEKS TO MAKE TERMS

IS AFTER SUB-CONTRACT OR A DIVISION OF PROFITS.

Although the board of public works has declared that the Barber Asphalt company is entitled to the contracts for the three big street paving jobs which are to be done this summer, the contracts are slumbering peacefully in the joint committee on finance and municipal laws of the city council to which they are referred at the instigation of Contractor Patrick J. Moran. He thinks Nobody around in city official circles seriously disputes that Moran, who bid considerably higher on the contracts than the asphalt company, is behind the "hold-up," now being perpetuated by the council committee. Nobody disputes that the contracts will stay where they are until Mr. Moran makes some kind of terms with the asphalt trust.

Sub-contract or "Divvy?" Some say that Mr. Moran wants a sub-contract from the trust to do the actual work of the paving; others say that he would be content with a division of the profits which the trust expects to make out of the jobs. Mr. Moran, it is said, regards Zion as his particular preserve, and those who refuse obstinately to regard him as a philanthropist, say, in view of the success of his conduit manipulations, he has a right so to regard it. He thinks, it is claimed, that no outside contractor or contracting firm has any right to "butt in" here and take work without giving him a share in the "take-off," and that diverse and sundry councilmen are of the same opinion is evidenced by the fact that the trust's contracts are being held up.

The "American" councilmen who compose the majority on the joint committee are C. J. Crabtree, W. Mont Perry, M. E. Mulvey, T. R. Black and A. R. Carter. Mr. Crabtree is in San Francisco, but the other members are all here, and two committee meetings have been held since the matter was referred to them. It was referred on motion of Councilman T. R. Black, who, above all others, is looked upon as Contractor Moran's principal friend in the council.

They Have an Excuse.

The councilmen who are holding up the contract at Mr. Moran's behest have an excuse. They say that they wish to compel the asphalt trust to dismiss a suit which it now has pending against the city before they give it any more contracts. In other words, they wish to use the new contracts as a club to compel the dismissal of that suit. The suit is for a balance of about \$7,000 which the trust claims is due it for paving Second and Third South streets a few years ago.

The city held out a portion of the contract price because the work was not finished within the time specified by the contract. Councilmen and other officials who oppose holding up the present contracts say that the suit should be tried on its merits; that if the city owes the trust anything it should pay it, and if it does not, it should be willing to abide by the judgment of the court.

Councilmen outside the Moran circle regard the excuse given for holding up the contracts as a mere subterfuge.

APPEAL TO THE PUBLIC

Y. W. C. A. Solicits Aid in Furnishing and Equipping Its New Home.

The board of managers of the Young Women's Christian association has issued the following appeal to the public: The Young Women's Christian association has secured a home at 235 Second East street. So soon as the necessary repairs and alterations can be made, and the building furnished, it will be opened to the young women of the city.

The board of managers appreciates the cordial sympathy and many practical manifestations of interest which the people of Salt Lake have already shown, and earnestly hopes that every Christian and philanthropic man and woman in the city will feel a personal interest in the opening of this work, and wish to have an individual part in helping to give to the city a comfortable, attractive, restful home for young women.

The association needs everything in the lines of furnishings and supplies for the home. On May 11 a committee will receive, at the home, gifts from friends who wish to help to provide these things. Further definite information will appear in the papers.

Piles Cured Quickly at Home

Why Suffer Agony Any Longer When You Can Get a Quick, Sure Cure for Your Piles by Simply Sending Your Name and Address?

Free, in Plain Wrapper, to Everyone Who Writes.

Surgeons themselves consider a permanent cure of piles by a surgical operation as very doubtful, and resort to it only when the patient has become desperate from long standing pain and agony. But the operation itself is every bit as excruciating and nerve-racking as the disease, and is humiliating and expensive, and rarely a success.

The wonderful Pyramid Pile Cure must be used with perfect ease, in your own home, and for little expense. Pyramid Pile Cure gives you instant relief. It immediately heals all sores and ulcers, reduces congestion and inflammation, and takes away all pain, itching and irritation. Just a little of the treatment is usually sufficient to give a permanent cure.

Pyramid Pile Cure is prepared in the form of suppositories so that they can be applied directly to the parts without inconvenience, or interrupting your work in any way.

We are sending a trial treatment free of charge to every one who sends name and address. We do this to prove what we say about this wonderful remedy is true. After you have tried the sample treatment, and you are satisfied, you can get a full regular-sized treatment of Pyramid Pile Cure at your druggist's for 50 cents. If he hasn't it, send us the money and we will send you the treatment at once, by mail, in plain sealed package.

Send your name and address at once for a trial of this marvelous cure, sure cure. Address Pyramid Drug Co., 5709 Pyramid Building, Marshall, Mich.

PLEASERS.

Even an expert cannot distinguish by its appearance roasted Java from Brazilian Coffee. Then how can you know that you get your money's worth when you buy loose grocery-store coffee on looks and the price mark? You don't know, and the grocer does not know, for "cup" quality is not visible to the eye, and he cannot show it to you. Refuse loose scoop coffee! You may be sure that all coffee deteriorates when exposed to the air, and is easily contaminated by dust and impurities.

You will find it to your advantage to buy from us direct if your grocer refuses to supply Arbuckles' Ariosa Coffee.

For your protection, to positively insure you full weight, purity and the best coffee value for your money, Arbuckles' Ariosa coffee is sold in sealed one pound packages only. As the largest coffee dealers in the world, with a business exceeding any four other coffee dealers, we can and do give better coffee than can be bought elsewhere for anything like the same price—in proof of which the sales of Ariosa for 37 years are greater

than the combined sales of all other packaged coffee in the United States. Whenever you may be you get the full advantage of our enormous facilities. By the original "mother's" process patented by this firm the pores of the coffee bean are hermetically sealed, after roasting, with a coating of fresh eggs and sugar, which preserves intact the delicious flavor and aroma due to our skilled blending and roasting—not to be compared with crude, primitive methods on a smaller scale. We drink Arbuckles' Ariosa ourselves every day with the best coffee of the world to choose from.

If your grocer refuses to sell you Arbuckles' Ariosa Coffee send us express or postal money-order for \$1.80, and we will send 10 lbs. of Ariosa in a wood box, transportation paid to your freight station. The price of coffee fluctuates—we cannot guarantee the price for any period. We will ship in the original packages with signature of Arbuckle Bros., 10 lbs.—10 signatures—which entitle you to presents. New book with colored pictures of 97 presents free. You can write first for the book and see the pictures of the useful and beautiful presents before you order the coffee.

What is the use of paying 25 to 30 cents a pound for coffee that may not be as good as Arbuckles' Ariosa!

Fisher Beer AS A HEALTH FOOD

Fisher Beer is a Health Food, for Three Reasons.

FIRST—It contains about ten per cent of solid matter. That is the starch of barley, which, in the process of malting, is made into malt sugar. Malt sugar is highly nutritious.

SECOND—That same malting process does much of the work that devolves upon the digestive organs in the case of ordinary foods. In other words, Fisher Beer is, in a way, pre-digested.

THIRD—The bitter of the hops it contains is an excellent tonic. Prof. Dr. P. Bauer, Berlin, Germany, says: No other beverage contains such a combination of useful properties. The water of it quenches the thirst, the carbonic acid refreshes, the extracts are nutritious, the alcohol furthers digestion, the mineral salts build up the bones and the extracts of hops act as a tonic.
